MATAN COHEN

PERSONAL PROFILE

A self-taught front-end developer, I have honed my skills through hands-on experience and a passion for creating beautiful and functional user interfaces. I am well-versed in HTML, CSS, JavaScript, and React. I developed numerous projects ranging from simple landing pages to complex web applications. Always staying up-to-date with the latest industry trends and best practices.

PROJECTS

Portfolio (OOP).

- Developed using HTML, Sass, Javascript and Object-oriented programming

Sneakers E-Commerce (React).

- Implemented a user-friendly system that allows users to browse and filter through the different products
- Secure payment system that allows users to safely complete transactions

Israel Fantasy HUB (React).

- Providing users with a range of statistics relating to football
- Implemented a live scoring system that updates scores in real-time
- Demonstrated proficiency in React, data scraping, and data analysis

WORK EXPERIENCE

Manager

"Meatbar" | Oct 2018 - Mar 2022

- Managed a team of 20 employees and coordinated tasks to ensure the smooth operation of the restaurant.
- Implemented a revised inventory system, resulting in a 17% increase in efficiency.

Sales and Retention Representative

"XYX" | July 2017 - Dec 2018

- Assisted customers with technical issues and troubleshooting, gaining experience in problem-solving and customer service.
- Conducted product demonstrations and presentations to potential clients, improving communication and presentation skills.
